DETAILED ACTION

Reissue Applications

1. The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

Allowable Subject Matter

2. Claims 1-31 are allowed. The following is a statement of reasons for the indication of allowable subject matter: the claims are allowable over the prior art of record because the prior art of record does not teach or suggest a surface potential changing unit comprising a light emitting element emitting light in a first direction; and a guide member spreading and reflecting the light toward the photosensitive drum in a second direction to direct the emitted light to the surface of the drum.

Prior Art

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Ahn (2004/0005170) teaches pertinent prior art.

Contact Information

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quana Grainger whose telephone number is 571-272-2135. The examiner can normally be reached on M-F 7-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Arthur Grimley can be reached on 571-272-2136. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
